Venue

Lake Maggiore is one of the largest Italian lakes with an area of 220 square kilometers; 20% of the surface is located in Switzerland. It has a perimeter of about 200 km, a length of 65 km and an average width of about 4 km. A great deal has been said and written about Lake Maggiore. Stendhal himself, struck by that sort of lyrical rhapsody that occurs only in the sight of miracles of nature, said that here he had discovered the place that he would have preferred never to have left. The World Rowing Tour will start and end in Maccagno, near Luino.

Departures

Notice

- Rowing times are estimated
- Start times and routes may be modified depending on weather conditions
- Additional visits can be arranged during stops in Locarno, Caldè and Angera if there is enough time to complete the route by the scheduled time

Security on water

There will be three “Pilot boats”, big enough to take up the full crew of a troubled boat, that will lead the route.

Crews will be carefully instructed during the daily briefing.
